Protesting America

My closest big intersection
at A1A and 520 a regular Hyde
Park. Bluster under blister-

ing sun, usually by those Rawer Loony
Tunes knowing President a Kenyan. This

being Florida, fuller-fledged All-Whites
amidst them bristle with I got mine so
the rest of you can go fuck yourself.

But today a tonic! Medical Marijuana!
Not acquainted with Mary Jane, though
do have glaucoma. If it gets fierce,
might just like meeting her.
